ROASTING TURKEY
Place the turkey breast side up on a rack in a shallow roasting pan. Do not add water. Cover the turkey with a loose tent of heavy-duty aluminum foil, crimping loosely onto sides of pan to hold in place. This prevents overbrowning, allows for maximum heat circulation, keeps the turkey moist, and reduces oven splatter. If using a meat thermometer, insert it through the foil into the thickest part of the thigh, without touching the bone. To brown the turkey, remove the foil tent 20 to 30 minutes before roasting is finished, and continue cooking.

The following timetable is based on an oven preheated to 325° F. Plan to finish roasting about 20 minutes before serving time. This makes for easier carving.

HOUSEHOLD HINTS AND RECIPES

SANDRA T. COFFEY
County Agent

Pecans are plentiful in Coffee County this year. They are good sources of calcium, phosphorus, iron and Vitamins A and B. Nuts are a good source of protein but they are high in fat, with over 70 percent fat. They are good as an energy food: one cup of nutmeat contains about 740 calories.

Pecans can be stored at home for year round use. They can be stored in the freezer, refrigerator (9 months) or on the shelf for 6 months. They can be canned but the quality is not as good because of the high concentration of fat.

It takes little imagination to make special recipes using pecans. Many of your favorite foods are more delicious when you add nuts.

For a free publication on pecans - HE-485, call me at 894-5596. Try these recipes for your family.

PECAN PIE

3 Eggs
1/2 cup sugar
1 cup light or dark corn syrup
1/8 teaspoon salt
1 teaspoon vanilla
1/4 cup melted butter or margarine
1 cup pecans, halved or chopped
1 unbaked pie crust

Beat eggs. Mix in the sugar and syrup; then the salt and vanilla. Add the melted butter or margarine. Place pecans in the bottom of an unbaked pie crust. Add the filling and bake at 350° F. for 50 to 60 minutes. The nuts will rise to the top and form a crusty layer.

PECAN STUFFING
1/4 cup butter or margarine

1/4 cup onion, finely chopped
1/4 cup celery (stalks and leaves), chopped
1/4 cup mushrooms, chopped
1 teaspoon salt
1/2 teaspoon thyme
1/4 teaspoon poultry seasoning
Dash cayenne pepper
Dash garlic salt
2 cups bread cubes or coarse, soft crumbs
1/2 cup chicken or beef bouillon or meat broth
3/4 cup pecans, finely chopped

Preheat oven to 325° F. Grease a 1-quart baking dish. Melt butter or margarine in a heavy pan. Add onion, celery, mushrooms and seasonings. Cook a few minutes until celery is tender but still crisp, stirring occasionally. Add bread, bouillon or broth, and nuts. Mix lightly but well. Put stuffing into baking dish. Bake 25 to 30 minutes or until lightly browned.

Note: Stuffing may be used to stuff a chicken or breast of veal or lamb.

SUGARED PECANS

1 cup sugar
1/4 cup water
1 teaspoon light corn syrup
1 teaspoon vanilla
1 1/2 cups pecan halves

Boil sugar, water and syrup together until the long thread stage is reached (230-234° F. on candy thermometer). Add vanilla; cool until lukewarm. Beat until the mixture becomes creamy. Add pecan halves. Stir until pecans are well coated. Pour on waxed paper and separate pecans. Store in a tightly covered container.

Note: If mixture becomes too firm before all pecans are coated, add a few drops of warm water and continue stirring.

Kinston Elementary 4-H Report

On October 14, 1987, the first 4-H meeting was held at Kinston. We began the meeting at about 2:15.

We repeated the 4-H pledge together and then Mrs. Hughes explained all the 4-H projects. Everyone chose their projects.

Next Mrs. Hughes handed out some sheets telling about our first two 4-H events, which were the "Photography Contest" and the "Farm City Week Poster Art". We then chose this year's officers.

They are as follows: President, Emily Moody, Vice President, Cindy Clark, Secretary, Shannon Grace, Reporter, Denise Farris, Devotional Leader, Tonya Drewry, and Song Leaders, Wendy Patterson and Misty Spivey.

We adjourned until the next meeting on November 17, 1987.

'Big Jim' dies at age 79

Former Gov. James E. "Big Jim" Folsom is pictured above during a campaign stop in Elba in the mid-1950's. Folsom moved from Elba after being raised in Coffee County, but always returned and was popular with voters throughout south Alabama and the entire state.

Former Alabama Gov. James E. "Big Jim" Folsom, a native of Coffee County and a former resident of Elba, died Saturday, Nov. 21, 1987, at the age of 79 at his home in Cullman. Folsom suffered a heart attack. He was buried on Monday, Nov. 23, at the Cullman City Cemetery.

Folsom, who had been blind for the past several years and bedridden for many months, reportedly became severely ill at approximately 1:00 a.m. and died about an hour later with his wife Janette at his side.

Born into politics on Oct. 9, 1909, in rural Coffee County, James Elbia Folsom was the son of Joshua Folsom, a one-term county commissioner and Coffee County tax collector until his death in 1919.

James Folsom moved to Elba at the age of one when his father was elected tax collector, and attended Elba High School, where he excelled in football and basketball. He enrolled at the University of Alabama in 1928 and later transferred to Howard College, but left school in 1929 to help his family recover from a flood on the Pea River and never returned to a formal school.

Folsom made his political debut at the age of 23 when he unsuccessfully made an attempt to become a delegate to the state Constitutional Convention, but the failure did

nothing to dampen his political aspirations, and the 6'8" political giant also made unsuccessful campaigns for a Congressional seat in both 1936 and 1938.

On many occasions Folsom reportedly had to stop his conversation because of dust caused by the passing of a car, and the visiting politician promised that when he was elected he would pave the road to give the residents some relief.

Years later, Gov. James Folsom paved the road and returned to the Geneva County location for the opening of the now-famous "Buttermilk Road."

According to stories passed down through the years, young Folsom walked an unpaved road in Geneva County chatting with passersby and farmers working in the field. When he would come to a house he would

supposedly explain his political platform and many times sit on the porch and drink a cool glass of buttermilk.

During his two terms as governor, Folsom was an advocate for higher teachers' salaries, old age pension and farm-to-market roads, and in south Alabama Folsom is credited with the paving of the majority of the roads that are still in existence. He also pushed for the repeal of the poll tax to make voting accessible to the poor, and had a law passed that made it illegal to wear a mask on state highways, a law that was intended to remove the hoods from members of the Ku Klux Klan.

It was during this campaign that

he was accompanied by a hillbilly band called the "Strawberry Pickers," a band that played prior to and after Folsom's speech, and the song "Y'all Come" became Folsom's theme song that followed him throughout his long political career.

Coffee County Commission takes action to receive portion of countywide 1¢ sales tax

The Coffee County Commission met in regular session on Monday, Nov. 23, at the courthouse in Enterprise, and voted to repeal the county's 1-cent sales tax enacted in August, 1986, and adopt a new sales tax which was approved by the legislature in June, 1987, that would allow the county to share in the income of the tax revenue.

The commission had expected to be receiving 25 percent of the tax revenue on Oct. 1, 1987, but learned last week that it had failed to meet all legal requirements needed to receive the portion of the tax and the new tax approved in June had not yet taken effect.

At Monday's meeting the commission voted to repeal the earlier tax, as required by state law, and to enact the new tax, which will be 1 cent. The county's failure to file the total tax revenue for four years, and after the 4-year period give the county 20 percent for the life of the tax. The county's failure to file the necessary paperwork reportedly cost the county approximately \$111,000.

The subject of employees building up compensatory time for overtime work again surfaced at Monday's meeting and the commission stood by its earlier decision to give three county employees until Jan. 1, 1988, to lower the "comp time" to the allowable 40 hours or lose the time without any compensation.

One employee reportedly had built up 400 hours of "comp time" and had contacted members of the commission in an effort to receive an extension of the Jan. 1 deadline; however, the commission stated it had passed a ruling back in 1985 regarding the procedure in which overtime would be approved, and at the meeting agreed to study the matter with no action to change its earlier stand.

In other action at Monday's meeting, the commission:

***revised the minutes of the previous meeting to read that a new health department building could be constructed anywhere in Enterprise and not just at a site on Hwy. 167 or on the circle;

***was told the first check for tax on tobacco products would be received in December and that the check covered a two-month period and totaled \$5,500;

***heard Mack Williams express the opinion that if the county could construct a dual system it could also afford to pave all the roads and provide countywide garbage service;

***agreed to give Wiregrass Construction a deadline to repair damage done to a county road, and if the deadline was not met to have the repairs made and a bill sent to the company;

***accepted a timber bid from Treated Timber Products delivered at the county shop;

***approved a request from county engineer Mark Pool to purchase three tractors using the state bid, with delivery to be in four months;

***stated that after Dec. 1 all county vehicles must use the new "keylock system" at the county shop and stated that all other fuel tanks would be removed;

***agreed to send out invitations to

regarding the procedure in which overtime would be approved, and at the meeting agreed to study the matter with no action to change its earlier stand.

BRAINSTORMS

By Ferrin Cox

The sudden death of Keith Baker this month left a lot of folks in shock. Death is with us every day and we rarely if ever like it . . . but there is an accidental shock when it hits suddenly and on our young folks. This was a young man with a fine reputation, no outward signs of anything wrong and - whom - something went wrong inside and he was a goner. We do salute his family for taking that very hard step and donating his internal organs so that others may have a better life. It was undoubtedly a hard thing to do, but the flip side is they know a part of their loved one is still alive and enabling someone else to enjoy life. We take this time to plug for changes in the Alabama law that would allow me to make the decision now about doing just such a great thing without waiting for my family to make the decision after I am dying. Currently in Alabama, we can make our wishes known, but legal papers must still be signed by family members before an organ can be taken from our bodies. This is an unnecessary burden on grieving family members.

We are in the final days of Farm-City Week. We all need to be a bit more thankful for the benefits we get from the farm. You see, before that milk gets into the carton, or the vegetables into the package, they must be produced on a farm. As the bumper sticker reads: "If you are going to complain about the farmers, don't do it with your mouth full."

The football season is over for Elba, compliments of UMS. The UMS team out of Mobile was just too good last Friday and left here happy with a 20-14 win. We were impressed with their execution throughout the game and also with the fact they played a clean game, with few penalties. We are always proud of the hometown boys and girls when they do good, and this is no exception. Our kids did well for themselves.

Gov. Guy Hunt's education plan is now being debated around the state. We listened Friday at lunch as Speaker of the House Jimmy Clark explained that funding was the key to Hunt's or any other education reform program. He spit out words about local effort, named counties with very little local effort and bluntly said some of these counties simply can't come up with the local funding and will need help in this area. He also predicted that property tax exemptions for industries being built under the Wallace-Cater Act will have to be changed because companies want educated employees and not just tax exemptions.

Clark also predicted indexing of gasoline taxes to improve roads in the state. We assume indexing here means increasing taxes, 'cause that is the only way it could improve the roads.

It is Thanksgiving turkey time again and this country boy is getting ready. I am saving up for that big meal. My theory is that by eating nothing Tuesday and Wednesday and very little on Monday, I will be ready to take on Thanksgiving like a breeze.

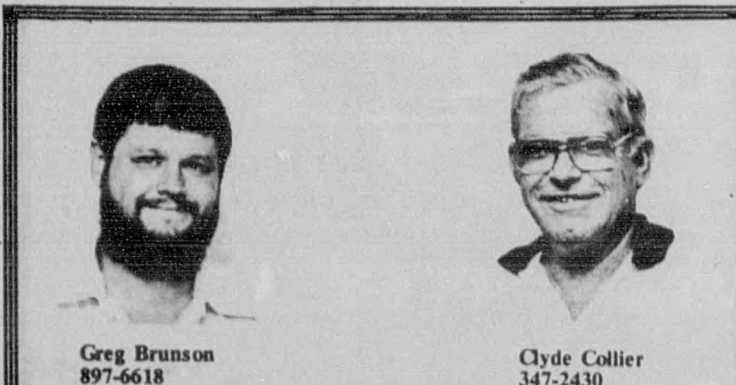

This is the weekend for Alabama-Auburn and Florida-FSU. After a season of battling in the trenches, it all comes down to this one big game and the bragging rights for next year. After commenting to several college students that it is just a game and the world will turn - win, lose or draw - they still are inclined to ask us just which team we think will win . . . as if our opinion will flash up there on the scoreboard to give the favored team a head start. We like football as much as anyone . . . well, almost, but we don't even remember the score of either of the above-mentioned games of only one year ago. Go out and support your team, but it is only a football game, and Webster's first definition of the word (originally at least) was "amusement."

Foster Parents Needed In County

Children who are placed with foster parents come into the custody of the Dept. of Human Resources because they are abandoned, abused or neglected. Consequently, these

children have a tremendous need for the love and care of a stable family. The foster parents in Coffee County have been able to provide these children with love and affection that they need for healthy emotional development. Once these children are placed in foster care, they remain with their foster parents from a few days to several years.

The county department does not like to leave children in foster care for periods longer than one year; however, there are circumstances that require them to remain in foster care much longer than this one-year period.

Foster parents help the children admit the losses or injuries they suffered. They provide food, shelter and medical care (with the aid of DHR board payment and Medicaid). Just as importantly, foster parents provide love, guidance and positive discipline.

Children that are placed with foster parents are of a tender age and the quality of care is very important. The foster parents work very closely with the social worker at the county department to assure that the child's needs are being met and that the damage that has been done to the child will be minimal through the corrective experience of a foster home placement. As a result, the foster care experience can have a very positive and healing effect on a child.

Interested families are encouraged to contact the Children's Service Unit, Coffee County Dept. of Human Resources, phone 897-3424, or write Coffee County Dept. of Human Resources, P.O. Box 448, Elba, AL 36323.

New Computerized Parent Finder Helps Find Delinquent Child Support

The Dept. of Human Resources' new computerized parent locator network will make it harder for absent parents to avoid paying child support.

Human Resources Commissioner Andy Hornsby said that the Electronic Parent Locator Network (EPLN) gives child support workers in each of eight southeastern states instant access to appropriate records of the other participating states.

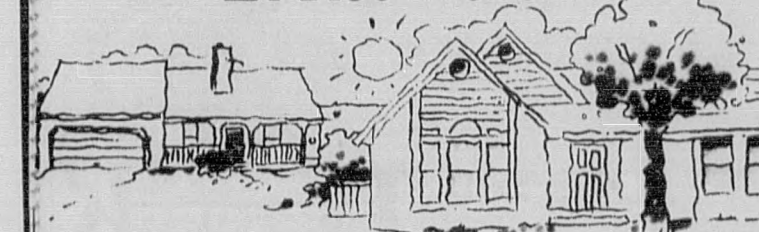

"Before EPLN, if parents who owed child support left the state, it might take months to find them," said Commissioner Hornsby. "We had to mail requests to other states and wait for them to respond. Now,

with this network, we should be able to find them in a few minutes."

Records available through EPLN include employment records and driver's license information. This information has been available to Human Resources through the mail for years, but the agency is taking extra security precautions with the new computer linkup.

Only two Human Resources employees have access to the security codes necessary to operate the EPLN terminal. Employees excluded from using it include Commissioner Hornsby and the director of the Child Support Division.

cattle to fixing the farm implements, it looks like she has made the transition!

Susie, the daughter of Roland and Patsy Powell of Elba, stated that when she was growing up she was the only girl in the neighborhood and "when it's just you and eleven boys you learn to survive, and being a tomboy was the easiest way."

"I always liked being outside when I was growing up and especially liked being outdoors with animals," said Susie last week at her home south of Elba. "Daddy had about 50 head of cows when I was young and I would always help with the cows and ride horses whenever he'd let me - which was most of the time!"

When asked about a typical day at the farm, Susie laughed and declared, "There is never a typical day at the farm! During the fall I'll get up about 5 a.m., fix breakfast and get Matthew (her 8-year-old son) ready for school. He has to be at the bus stop by 7:15 to catch the bus, and after that I'll usually check the drive, care on the peanuts, and if they are dry, take them to be graded. If

my parents liked the idea of my driving a tractor very much."

"Phil (her husband), the son of Orho and Miriam Farris) was raised on a farm and always wanted to work with his father when he was growing up," stated Susie, "and when we got married, I looked forward to helping out with the farming because it was something I'd always wanted to do. Phil's parents are still active in farming, and it is a team effort among all of us here at the farm. We all do whatever is needed, and it's just one big happy, hard-working family."

When asked about a typical day at the farm, Susie laughed and declared, "There is never a typical day at the farm! During the fall I'll get up about 5 a.m., fix breakfast and get Matthew (her 8-year-old son) ready for school. He has to be at the bus stop by 7:15 to catch the bus, and after that I'll usually check the drive, care on the peanuts, and if they are dry, take them to be graded. If

they're not dry enough I'll check the driers to make sure they are working right and find something else that needs doing."

"I've become pretty good at fixing farm machinery and can service any picker and most all the implements, but I won't work on the tractors, because I don't really know much about them, and Phil and his father would rather work on them themselves."

"After having plenty to do I'll be at the bus stop at 3:50 p.m. to get Matthew and then go check on the cows or the fields - whatever needs doing. Phil and I will always find time to play with the kids and help them with little projects (they also have a 2-year-old daughter named Elizabeth), but on a farm there is always something you need to do, and there is never a dull moment."

The Farris farm includes approximately 165 cows and yearlings, and annual planting includes peanuts, corn, soybeans, grass and

wheat, certainly enough to keep both families very busy.

"I'm very happy living on a farm," added Susie, "even though I was raised in the city. It is a great place to raise a family, and the children are exposed to so many things children living in the city will never get a chance to experience. I love to hunt dove and squirrel and also like to fish (as a 6V-lb. bass on the wall will verify). I guess I like just about everything about being on a farm."

Life on a farm is never easy, and while Phil, Susie, Matthew and Elizabeth may not get to hear the sound of police sirens and doors rattling whenever trucks go by, they are happy living the life that was good enough for so many others before them and are content with the country way of life.

The Farris farm includes approximately 165 cows and yearlings, and annual planting includes peanuts, corn, soybeans, grass and

Contest Held To Celebrate Education Week

By: Chris Moultry

Thirty-two students from Zion Chapel entered the poster board contest to celebrate American Education Week. Each school in the Coffee County School System held its own contest and provided its own judges. Any student from the elementary or high school could enter. Theme for the contest was "We the People Building Better Schools."

Mrs. Gale Jackson, president of the Coffee County Branch of the American Education Association,

sponsored the contest. Zion Chapel's posters were displayed in Mrs. Marsha Oggs' home economics department.

Shelia Acreman, a junior, won first place in the high school competition, and Chris Archie, a second-grader, won first place in the elementary competition. A ten dollar prize was given to each student winner.

Rather than having people come into the school to see the posters, the artwork is being displayed by local merchants so that everyone can enjoy it.

Our Halls Have Connections

By: Becki Hussey

The hallowed halls of Zion Chapel have a new, more colorful look. There have been three new bulletin boards installed.

"Connections" is the name of the series of boards. They use well-known celebrities and role models to motivate students. The editorial content of each issue relates to the celebrity's area of specialty with relevance to the students.

The objective of "Connections" is to encourage personal achievement and real meaning, real-life information to students.

Each month there will be a new picture put in the frames by members of the Student Council. Some of the topics to be covered this

held a message saying, "The Future Business Leaders of America at Zion Chapel believe in free enterprise, do you?" Please let us know our message was received by writing your name and location balloon was found and return this slip to: Future Business Leaders of America, Zion Chapel High School, Route 1, Jack, Alabama 36346.

Mrs. Bryan explained to the FBLA members the meaning of free enterprise. Free enterprise is private property, freedom of choice, competition and self-interest. The right to own private property and the freedom to enter any lawful business and compete for profits have been a driving force of the American economy.

NEW REPAIR PROCESS

YOU MAY NOT REALIZE IT, BUT EACH NIGHT WHILE YOU SLEEP WE'RE TESTING YOUR TELEPHONE SERVICE TO ENSURE IT WILL BE THERE FOR YOU WHEN YOU NEED IT.

WE USE A COMPUTERIZED TESTING PROCESS WHICH IDENTIFIES POTENTIAL PROBLEMS ON MOST TELEPHONE LINES AND ALERTS OUR REPAIR TECHNICIANS TO TAKE CORRECTIVE ACTION BEFORE THOSE POTENTIAL PROBLEMS RESULT IN A LOSS OF SERVICE. OFTEN, THE PROBLEM IS FOUND ON THE LINE SOMEWHERE BETWEEN YOUR HOME OR OFFICE AND OUR CENTRAL OFFICE. IF THAT'S THE CASE, THE PROBLEM WILL BE CORRECTED AND YOU LIKELY WILL NEVER KNOW YOU HAD A PROBLEM.

IF THE PROBLEM IS FOUND TO BE INSIDE YOUR HOME - IN YOUR TELEPHONE WIRING - OUR TECHNICIAN WILL LET YOU KNOW IF YOU'RE HOME, OR LEAVE A NOTE IF YOU'RE NOT. IF YOU ASK US TO MAKE THE REPAIRS, YOU'LL BE ASKED TO PAY A REPAIR CHARGE UNLESS YOU HAVE SIGNED UP FOR GTE'S TELEPHONE WIRING REPAIR PLAN, BECAUSE YOU NO LONGER PAY FOR THIS SERVICE IN YOUR BASIC RATE. (BY THE WAY, IF YOU DON'T HAVE THE REPAIR PLAN, YOU MIGHT WANT TO CONSIDER IT. IT'S A GREAT DEAL AT ONLY \$1 PER MONTH. AIR FORCE RECRUITER SPEAKS TO SENIORS

By: Lee Simmons

Air Force recruiter Ken Eggman came to Zion Chapel's senior class. He talked about the training and discussed benefits the Air Force offers. He said basic training involves discipline, learning to march and calisthenics. The training lasts six weeks and when finished the airman attends technical school which lasts four to 52 weeks. The courses an individual takes depends on what career he/she wishes to have. Recruiter Eggman also stressed that there was equal opportunity in the Air Force. A woman is treated the same as a man and has the same benefits. He also stressed that there is no racial discrimination.

JUNIOR FOOTBALL BANQUET

By: Lee Simmons

Mrs. Rhonda Brunson presented each of the junior high cheerleaders with a heart-shaped jewelry container at the recent football banquet. Junior cheerleaders are Shae Oglesby - captain; Shannon Jirring - co-captain; and Shannon Ward. Christie Anderson and Tracey Jernigan were unable to attend.

Mr. Charles Smith also presented the cheerleaders with a plaque for their support. He thanked everyone from the Quarterback Club and all the parents for helping the junior team.

Following the banquet the cheerleaders presented Mrs. Brunson with a diamond-cut charm for her help this year. Mr. Smith also gave each of the football players a plaque.

GIFTED CLASS HAS VISITORS

By: Lee Simmons

Judge Marion Brunson, Linda Kilpatrick and Barbara Hughes visited the Zion Chapel Elementary gifted class Thursday, Nov. 12. Judge Brunson talked about his book, *Pea River Legend*, and discussed folklore, home remedies, good luck signs and other areas of "old sayings."

Ms. Kilpatrick and Ms. Hughes, members of a Creek Indian tribe, talked to the students about the Indian Removal Act of 1832 and how the Creeks survived in Covington County. They also talked about their ways of celebration and the many activities they have throughout the year. The students learned many Indian words, such as Lane-Yellow, Chate-White, Nute-Red and Lusende Black.

The class enjoyed the visits and thank the visitors for taking time to speak to their class.

REBEL 88 IS ORGANIZED

By: Jackie Parrish

Work on the Rebel 88 has begun. The Zion Chapel High School annual staff met last Wednesday to discuss ideas for a theme and cover for this year's yearbook. The staff, along with sponsor Rachel Bryan, organized the Zion Chapel Campus Beauty Pageant held last Saturday night.

Mrs. Bryan announced that she would be having a Christmas party for the Rebel 88 staff at her house. She said this would be "a gift to them for their dedication and hard work."

PAT MOATES WINS FOOTBALL CONTEST

By: Wayne Davis

Pat Moates, a fifth-grader at Zion Chapel, won first place in the Tri-Star football contest. The contest, sponsored by the Enterprise Optimist Club, was held at Enterprise High School's football field. Pat competed in kicking, passing and punting. In addition to winning a trophy, he also won a free trip to the Senior Bowl at Mobile's Ladd Stadium in January, 1988.

Pat is the son of Carolyn and Tom Moates.

SENIORS BEING WORK ON RESEARCH PAPERS AND ENGLISH LITERATURE

By: Camille Marler

The senior English class has begun work on their research paper and their study of English literature. Mrs. Rhonda Brunson, who teaches English, gave each student a list of steps in writing the paper, and the dates each step was due.

During the second quarter the seniors will choose a topic, develop a working bibliography from five various sources such as books or magazines, write a preliminary outline, take notes on index cards and turn them in, and write a final outline. During the third quarter they will write the first draft of the paper, and the final draft will be due on Wednesday, Feb. 10. The research paper must be from 1200 to 1500 words.

The seniors began studying the Anglo-Saxon period in English literature on Nov. 16. They took notes on the early inhabitants of England, such as the Britons and the Celts, the different rulers and invaders of England, and the elements of an epic poem. In class they read "Beowulf," which is the first landmark in English literature. The seniors are also required to memorize 18 lines from *The Prologue to The Canterbury Tales*. These lines are written in Middle English, the language used by the English people during Medieval times.

FBLA Releases "Free Enterprise" Balloons

By: Gina Huckabae

"We believe in free enterprise - do you?" This was the theme of the November meeting of the FBLA.

Each FBLA member released two balloons on Nov. 15. Each balloon held a message saying, "The Future Business Leaders of America at Zion Chapel believe in free enterprise - do you?"

Those who find balloons are asked to let the students know by writing the finder's name and the location the balloon was found and returning to: Future Business Leaders of America, Zion Chapel High School, Rt. 1, Jack, AL 36346.

Each FBLA member released two balloons on Nov. 15. Each balloon year are career opportunities, how to choose a college, civil responsibilities, family and personal relationships, health and fitness, money management, current events and how to improve study habits.

"Connections" is free to the

school and students. All the costs are paid by the publisher and sponsors, and all the ads are appropriate for the school environment. They will never advertise products that are controversial or disruptive - no beer or tobacco.

The boards are bright and grab the attention of students. A crowd can be seen between classes gathered in front of the three boards to get a quick reading.

Views From The Pressbox By, Ricky Mularz

With Thanksgiving coming up this week it means the holiday season is just around the corner, and at my house it means Santa Claus will be here in a couple of weeks! I didn't know what our little 4-year-old wanted until Saturday morning, but after watching commercials with her for a couple of hours and seeing at least a thousand commercials I now know that she wants everything!

TIGERS FALL SHORT OF TITLE HOPES

After finishing second in the state for the past two years it was obvious that this year's team had only one goal - to win the state Class 3A championship. The Tigers posted an excellent 8-2 regular season record, and after winning two straight playoff games the goal appeared in sight; however, just when everyone thought the Tigers would finally host the title game a very good UMS squad came to town and claimed a win that knocked the Tigers out of the playoffs. I guess it's true that all good things must come to an end!

Friday night's game against UMS was billed as a defensive battle highlighting the state's best 3A defense in UMS, and while the UMS defense did hit hard and play sound in all areas, it was the lack of field position early in the game that kept the Tigers from opening the game up and a ton of penalties that prevented Elba from getting anything going. Elba had a golden opportunity at the start of the game when it reached the UMS 15-yard line, but the Tigers were three yards short on fourth down, and when a field goal sailed wide Elba's chance to take the early momentum went by the board. The offense had another chance in the second quarter after a turnover, but again failed to cash in the opportunity, and the Tigers were behind 13-0 before they decided it was now or never and began to look like the Tigers who rolled up 10 wins. The 14 points in the fourth quarter showed everyone present that Elba could indeed score against a defense as good as the one UMS brought to town, and made all the Elba fans wonder what might have happened if the Tigers had enjoyed the field position earlier and been able to open up their attack. Oh well, Elba went down fighting, and when a group of players won 31 games in three years, they certainly aren't losers in my book! Looking back to the game, the offense wasn't able to get its running attack going until late in the game, and with the poor field position the Tigers had, it was imperative that the running game click if any points were to be scored. The passing attack came to life in the second half and the offense had a great deal of success, but UMS played ball-control, and made sure the Elba offense wouldn't get many chances to score as the UMS offense ground up the clock and put points on the board.

The Elba defense played very good in the first half with the exception of one breakdown on a draw play, but in the second half couldn't stop the UMS running game, and in the final stanza when the game was on the line just couldn't tackle the big Bulldog backs. The defense never gave up and kept hitting until the final horn; however, Friday night in the second half the defense was just overpowered by a very strong and well-coordinated offensive attack.

I know a lot of Elba fans felt that the Tigers should have opened up a little more in the first half offensively, but when two good defensive teams are playing, the winner is the team that makes the fewest mistakes, and in a scoreless battle one mistake could very well lose the game. I thought Elba had a good game plan and played well enough to defeat many teams, but not well enough to defeat a team with the talent of UMS.

PLAYOFFS ADVANCE WHILE AREA TEAMS EXIT

The third round of the state playoffs proved to be the final week of action for a number of teams such as Enterprise, Geneva, Pike County and Cottonwood, who all fell to defeat, not to mention Montgomery powerhouse Robert E. Lee. It was a good year for the south Alabama teams and especially in Coffee County where four of the county's five teams qualified for the playoffs in four different classes. The season may be over for the area teams and for us here at the Clipper, but it sure was fun while it lasted, and to all the players and coaches, I say THANKS!

PLAYOFF PICKINGS ENTER ROUND 4

Ye Ole Polish Prognosticator missed on Elba's loss last week, but hit on such upsets as Reeltown over Cottonwood, Elmore County over Pike County and Lanett over Geneva. This week there are only 12 games left and I guess I'll just pick em all...

Elba Junior Tigers Blast Laverne 91-29

The Elba Junior High Tigers claimed their first win of the young basketball season last Thursday night when they pounded the Laverne Tigers 91-29, in Laverne.

The win evened Elba's record at 1-1, while Laverne slipped to 0-2 with the season's opening loss.

Elba opened the game in a sticky full-court man-to-man defense and took immediate command as the

Tigers pulled out to a quick 27-2 lead behind the 14-point outburst of Curry Jones.

The Tigers slowed down a bit in the second quarter and went in at half with a 42-14 advantage; how-

ever, the second half was all Elba as everyone dressed out got in on the fun and the Tigers coasted to the 91-29 victory.

Curry Jones scored 23 points to lead the Elba scoring parade, while Bennie Daniels added 19, Marcus Tyson scored 18, David Rowe 14 and Jamie Bass 13. Shawn Lowery scored 10 points to lead Laverne.

Elba's Robert Wilson (25) follows teammate Leon Coleman (34) through a gaping hole in the UMS defense. Wilson was held to 65 yards rushing in the playoff loss, but set a single season touchdown record as he scored 24 touchdowns during the 13-game schedule.

Elba's Bobby Bowden (42) and Gappa Wise (54) combine to bring down a Bulldog runner in last week's 20-14 loss to UMS. Bowden and Wise are both seniors and were stalwarts of the Tiger defense throughout the season.

Elba's Jackie Stoudemire (89) and Kelvin Caldwell (77) pursue a UMS runner during Friday night's 3A playoff action. The Tigers fell to UMS 20-14 to finish the season with a 10-3 record, but the good news is that Stoudemire and Caldwell are both sophomores and have two years remaining with the Tigers.

Elba Tigers Ousted From 3A Playoffs By UMS

The Elba Tigers saw their dreams of a state football championship come to an abrupt end Friday night as the undefeated UMS Bulldogs turned back two late Elba challenges to nip the Tigers 20-14, in the quarterfinals of the Class 3A playoffs.

The loss left Elba with a final record of 10-3, while UMS improved its record to 13-0 with the win and advanced to the semifinal round against the Laverne Tigers.

Elba received the opening kickoff and wasted little time giving its fans plenty to cheer about as Troy Kelley took the kick at the 10-yard line and raced 54 yards all the way to the Bulldog 36.

The Tigers moved to a first down at the UMS 22-yard line in three running plays and appeared ready to score on the highly-touted Bulldog defense; however, the Tigers came up short in three plays and on fourth down a 33-yard field goal attempt by Chris Fleming sailed wide to the left as the Tigers came away empty-headed.

The Elba offense failed to generate a serious threat on its next two possessions as the Tigers started the drives at their 20- and 8-yard lines following long UMS punts. The Tigers got a big break early in the second quarter when an apparent pass was ruled as a fumble and Elba's Keith Rodgers recovered at the Elba 42.

Elba moved to a first down at the UMS 43, but bogged down and the drive came to an end when the Tigers were hit with a 15-yard penalty that left them facing a fourth down way back at the Elba 45.

It looked like the half would end with the score knotted at 0-0 as the Bulldogs faced a second-down-and-13 at its 42-yard line with less than 2:00 left in the half, but Clint Duncan got the call on a draw play and broke several tackles near the line of scrimmage and then raced to 58 yards for a touchdown. Burton Pfeiffer added the extra point and with 1:17 left in the first half the visiting Bulldogs had drawn first blood and went on top 7-0.

UMS received the second-half kick and marched down the field in 10 plays to stretch its lead to 13-0. A 34-yard completion from Colby Maher to Clint Duncan on third down and-10 was a big play in the drive and gave the Bulldogs a first down at the Elba 6-yard line, and one play later UMS was back in the endzone as Maher dove in from 58 yards out.

The extra point attempt sailed wide to the left, but with 7:43 left in the third quarter UMS led 13-0 and it looked like the Tigers were on the verge of being blown out.

The Tigers punted the ball back to UMS after three plays and the Bulldogs again began a march toward the Tiger goal line behind the running of Jeff Ivey and Maher.

UMS reached a first down at the Elba 28-yard line, but the Tiger defense rose to the challenge, and on fourth down Pfeiffer missed on a 37-yard field-goal attempt as the Tigers dodged a bullet.

The Elba offense moved to a quick first down behind the running of Robert Wilson and Reggie Horstead, and then fooled the Bulldog defense when Jason Johnson hit Chris Fleming with a short pass and Fleming lateraled back to Matt Henderson who rammed 35 yards to the UMS 25-yard line!

A 6-yard pass from Johnson to Leon Coleman and a 13-yard scamper by Horstead moved the Tigers close and it was Johnson who got the touchdown on a 1-yard sneak.

The extra-point attempt was blocked, but with 9:45 left in the game the Tigers were back in the hunt trailing 13-6.

The Tiger defense forced a fumble on the Bulldogs' second play the ensuing kick; however, the

Bulldogs recovered the bobble and then went to work, only to be forced to punt.

Elba failed to make a first down on its ensuing possession, and after a 40-yard punt UMS began what proved to be the winning drive!

A 37-yard scamper by Steve Hancock was the big play in the 45-yard drive and Maher got the touchdown when he dove in from 3 yards out. Burton Pfeiffer added the extra point, and with only 3:56 left in the game the Bulldogs had extended their lead to 20-6 and it looked all over for the Tigers.

The gallant Tigers had their backs to the wall, but refused to quit and shocked UMS by needing only two plays to drive 61 yards for a touchdown!

A 16-yard pass from Jason Johnson to Reggie Horstead moved the Tigers quickly into Bulldog territory, and on the next play Johnson lofted a perfect pass to a wide-open Troy Kelley and the result was a 45-yard touchdown pass!

Robert Wilson got the two-point conversion, and with 3:06 still left in the game the Tigers were very much alive, trailing only 20-14!

The Elba defense knew it had to stop the Bulldogs on the ensuing possession and slowed down the

Dogs, forcing a third-down-and-3

with 1:59 left, but on the key play the Bulldogs' Steve Hancock broke loose for a 20-yard gain and the Bulldogs simply ran out the clock to post the exciting win.

Robert Wilson gained 65 yards on 18 carries to lead the Elba ground game, while Jason Johnson passed for 112 yards with 4 completions to pace the air attack.

Steve Hancock gained 125 yards, including 99 yards in the fourth quarter, to lead UMS, and Clint Duncan added 87 yards on 7 carries.

Jason Johnson made 9 tackles to

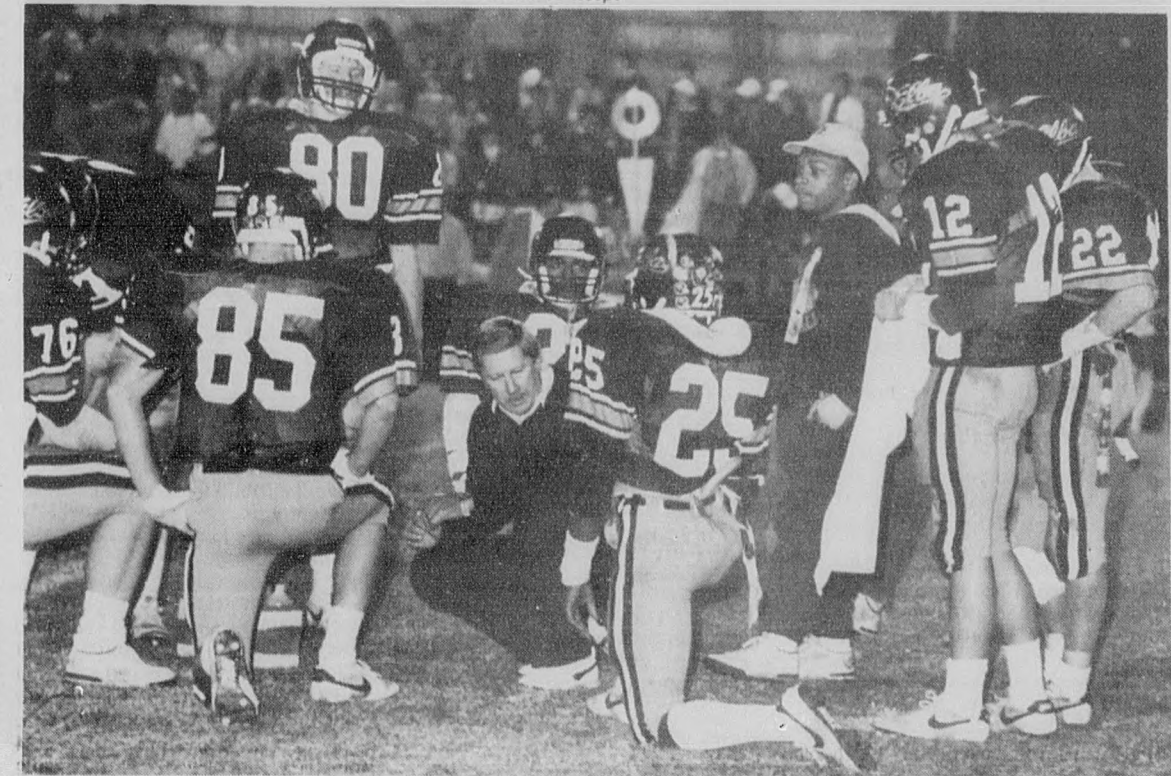

lead the Elba defense, while Larry Dixon and Kelvin Caldwell made 7 stops apiece and Anthony Brooks made 5 stops.

YOU BET I'M COLD . . . Marching Tiger drum major Tab Bryan couldn't find a place to stay warm Friday night and band director Gary Bradley had no ideas on how to help.

Elba Coach Mack Wood talks with members of the Tiger offense during a time-out late in last week's 20-14 loss to UMS. The Tigers were eliminated from the 3A playoffs, but ended the season with an excellent 10-3 record, giving the seniors a total of 31 wins during their three years of play.

***My son, if thou wilt receive my words, and hide my commandments with thee; so that thou incline thine ear unto wisdom, and apply thine heart to understanding;

Yea, if thou criest after knowledge, and liftest up thy voice for understanding; if thou seekest her as silver, and searchest for her as for hid treasures; then shalt thou understand the fear of the Lord, and find the knowledge of God. For the Lord giveth wisdom; out of his mouth cometh knowledge, and understanding. He layeth up sound wisdom for the righteous; he is a buckler to them that walk uprightly. He keepeth the paths of judgment, and preserveth the way of his saints.

Proverbs 2:1-8

***Thinking of you, praying for you: Miss Catherine Carpenter, Mrs. Bessie Williams, Mrs. Ernestine Kelley, Miss Sheila Andrews, Mrs. Evelyn Gully, Mrs. Pearl Tillis, Mrs. Hannah Coleman, Mrs. Lovie Hooks, Mrs. Virginia McGowan.

***When something you fear doing confronts you, try to stare it in the face. Stop out in faith, believing that God will help - and He will. But He doesn't do it only when you begin.

IF I ONLY KNEW

If I only knew, if I knew for sure that my Lord would return this year, which clamoring tasks would I do today?

What things would I buy? How much would I pray?

As I met with my friends, just what would I say?

If I knew the time was so near?

If I only knew, if I knew for sure that ere six months were sped, The skies would part at the trumpet's peal

What change in my plans would the days reveal?

Would the things I love hold the same appeal?

If I knew what lay ahead?

If I only knew, if I knew for sure . . . O God, can I be so blind, So enthralled with time that I cannot see

The beckoning hand of eternity? Body and soul I belong to thee; May my hours be wholly thine!

FAMILY THANKSGIVING

Well, it's almost "Turkey Day."

At this time of the year, we all become more aware of the things in our life for which we should be thankful.

Why should we have to be reminded to be thankful? There is really no reason why we should need to be reminded. Somehow we become comfortable with both our families and material possessions.

When we express thanks, we often fail to express our thanks for our families. After all, how much pleasure would we have in all our material possessions if we do not have with us the most important people in our lives?

As you make plans for family gatherings on Thanksgiving Day, reflect on the real purpose for families getting together. Think about the laughter, think about sharing of experiences since you last saw everybody; think how much fun it is to play "Do you remember?"

At the same time, think about all those out there who do not have family to share a Thanksgiving meal with and those who do not want to "remember," because it is either too painful or there is nothing in particular to remember. Maybe we need to be thankful also then for good memories.

We really do have a great deal to be thankful for.

For more information, call me at 897-3424, or write to me in care of the Coffee County Dept. of Human Resources, P.O. Box 448, Elba, AL 36323.

Thought: Thanksgiving, to be truly Thanksgiving, is first thanks, then giving.

SADD Chapter Now In Operation At EHS

Elba High School has formed a Students Against Drunk Driving organization (SADD), and will begin operation on December 2.

The SADD program is organized to educate students concerning the problem of drinking and driving and to help each student become aware of the alcohol problem as it exists on the local, state and national levels.

The program has been in operation since September, 1981, in Massachusetts, founded by Robert Anastas.

"SADD has found goals," said Jeane Vignola, SADD advisor. "To

help eliminate the drunk driver and save lives; to conduct community alcohol awareness programs; to alert and inform students of the dangers of alcohol and driving, and to organize a peer counseling program to help students who may have concerns about alcohol."

"We would like everyone to join this organization," said Vignola. "Your help is needed to win this fight against the needless slaughter on the highways. Please help us to realize our dreams of no teenage alcohol-related deaths on our highways."

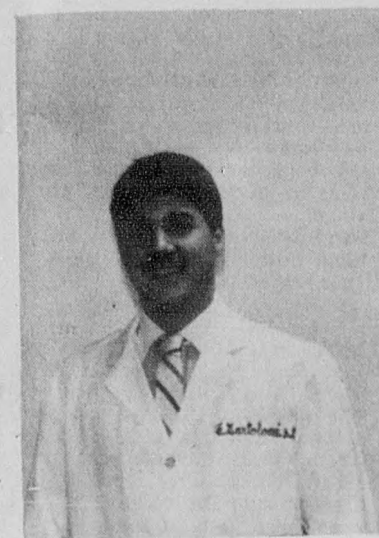

ESIC STUDENTS RECOGNIZED... The faculty of Enterprise State Junior College's Business Division recently hosted a reception honoring the college's business students. Dr. Judy Snyder, chairman of the department, expressed the faculty's pride in the work the students are producing. The gathering also provided an opportunity for students to meet college personnel. Attending were L-R: Charlene Barry - Enterprise; Paula Adkins, Samuel Reynolds, both of Elba; Dr. Judy Snyder - instructor; Marty Harrelson, Scott Kelley and Yvonne Searcy, all of Elba.

Dr. Frederic J. Bartolomei Opens Office In Troy

Dr. Frederic J. Bartolomei has opened the Pike County Podiatric Center in the Doctors Office Building next to Edge Memorial Hospital in Troy.

Bartolomei is a native of Michigan. He graduated from the University of Michigan in 1979 and the Ohio College of Podiatric Medicine in 1983. He completed a surgical residency at the Johns Hopkins Hospital and Veterans Administration Medical Center in Baltimore. He had further specialized fellowship training at the Cleveland Clinic.

Bartolomei taught in a medical school for one year after his schooling and post graduate training. He practiced in Tallahassee at Community Hospital before moving to Troy.

Dr. Frederic J. Bartolomei

"We moved to Troy because of the opportunities here," Bartolomei said. "I saw the need for quality foot care in Pike County and wanted to fill the need. We liked the people in Pike County and the size of Troy. It was only natural that we move here."

Bartolomei said that a podiatrist could be compared to any other medical specialist. "A podiatrist specializes in the care of the foot. That may include reconstructive surgery for infants with birth defects or painful conditions which develop later in life. 'The most common things that can be surgically corrected are bunions, hammertoes, callouses, corns, and heel pain. Of course, not all patients need surgery and many get better with other forms of treatment,'" noted Bartolomei.

A lot of trauma work requires the specialized care of a podiatrist. These include broken bones (fractures) and sprains. Bartolomei, through the Emergency Room, also handles more severe injuries such as car wrecks, gun shot wounds, and lawn mower accidents that involve the foot.

Aside from traditional forms of surgery and treatment, Bartolomei

also performs laser surgery at Edge Memorial Hospital to correct warts, ingrowing and deformed toenails, and certain types of skin cancer.

The 30-year-old doctor and his wife, have two children, Danny, nine years old, and Candice, six years old, who attend public schools in Troy.

The Pike County Podiatric Center is in Suite 7 in the Doctors Office Building adjacent to Edge Memorial Hospital on Hwy. 231. The Center is open from 9 a.m. to 5 p.m. on Mondays and Fridays and from noon to 8 p.m. on Wednesdays. Bartolomei will schedule surgeries and visit patients at nursing homes on Tuesdays and Thursdays.

The Center accepts insurance claims, Medicare, and is an approved Blue Cross Blue Shield PND provider. The phone number is 566-9400.

How To Take Maximum Advantage Of \$10,000.

That's what SouthTrust's Money Multiplier Maximum Advantage account is all about. Because when you maintain a balance of at least \$10,000, you'll earn interest at a premium money market rate, one comparable with many investments.

Yet, unlike many investments, you'll also have access to your funds. You can make unlimited deposits. And up to two times per month, you'll be able to go to any SouthTrust office or Anytime Teller and make a withdrawal. At no charge.

Additional withdrawals are only two dollars each. And

SouthTrust Money Multiplier Maximum Advantage Account

Under \$10,000 earns Money Market Rate

\$10,000-\$50,000 earns Premium Money Market Rate

\$50,000 + earns Premium Money Market Rate plus a bonus

- High liquidity
- No advance withdrawal notice required
- Up to 2 withdrawals per month at no charge
- Convenient deposits and withdrawals with SouthTrust's Anytime Tellers
- Unlimited number of deposits

there are no other charges, unless your balance falls below \$10,000 during the month, then you pay a \$12 service fee.

So stop by any office of SouthTrust today, and invest in our Money Multiplier Maximum Advantage account. After all, there's only one thing as easy as putting money in this investment, and that's taking it out.

Thinsulate Socks...

For Those Cold Mornings

FITS 10-13

\$14.77

WHY IT WORKS!

Thinsulate is a synthetic fiber that traps air to provide extra warmth without the bulk of wool.

It's the perfect solution for those cold mornings.

Thinsulate socks are made of a soft, comfortable material that will keep your feet warm all day long.

They're available in a variety of colors and styles to suit your needs.

So, when the temperature drops, you'll be ready to go.

Return to an era when a family had roots in a community. When a man's word was his bond. And when his home was his castle. The furniture in his home reflected the slower pace of life, the more substantial values. The Cochran Bed is a faithful reproduction by Hood of the 4 poster bed used by Confederate Officer Bruce Fred Cochran, who fought at the Battle of Raymond and at Champion Hill, Mississippi. Now you can bring some of that old style elegance, charm and grace into your life.

WHY.

•Why take chances on any other used car, when you can buy a fully reconditioned, reliable Hertz?

•Why take risks, when Hertz gives you a free 12 month/12,000 mile Limited Power Train Warranty?

•Why worry, when you know that all Hertz Cars are professionally maintained while in the rental fleet?

•Why haggle, when Hertz gives you a low, fixed price?

•Why take our word for it, when your mechanic can fully inspect your Hertz before you buy it?

WHY WAIT?

Come By Our Lot Today And Test Drive One Of These Quality - Not So Used - Rental Cars From **HERTZ**. We Know You'll Be Impressed.

Home for the Holidays

A treasure in solid cherry, for a romantic and classical bedroom. HOOD makes this treasure with all the trappings of the 18th Century design, including dentil molding, mitered bases, fluted pilasters and the pediment bed and mirror. It includes a 62" triple dresser with eight drawers, the graceful poster bed and beveled glass landscape mirror plus handsome chest and night stand storage pieces. What's more, this traditional style is priced much lower than you'd expect. But then, you can always expect more for your money at Haverty's!

Do Your Feet Hurt?

Help is available for your bunion pain, ingrown toe nails, or other foot problems.

STEFAN ZWEIG, D.P.M.

PODIATRIST

MEDICINE AND SURGERY OF THE FOOT

A podiatrist is a medical specialist who diagnoses and treats foot disorders, both medically (including prescribing medications) and surgically. Special training includes: 4 years of college, 4 years at a school of podiatric medicine to earn a DPM (Doctor of Podiatric Medicine), 1 or 2 years of residency or preceptorship, and completion of a state board exam.

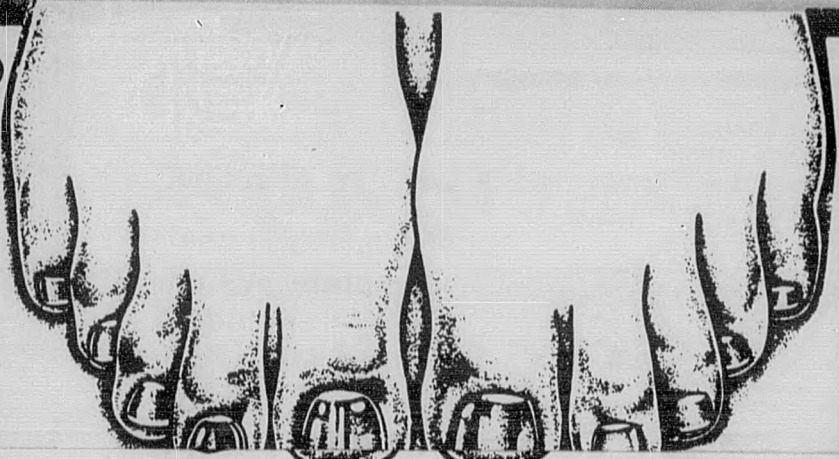

WHAT KIND OF PROBLEMS DO THEY TREAT?

Podiatric medicine applies the latest techniques and surgical procedures. Podiatrists are the only specialists trained exclusively to treat foot disorders.

Often rheumatoid arthritis, osteoarthritis, diabetes, and gout adversely affect the feet. Many people work long hours standing on concrete floors.

Soft tissue conditions we treat include: ingrown toenails, athlete's foot, Morton's neuroma, ganglion cysts, diabetic ulcers, plantar fasciitis, tumors, warts, corns and calluses.

Bunions, bunionsettes, hammer toes, heel spurs and metatarsocuneiform spurs are among many structural foot deformities treated.

Custom molded shoes and orthotics are available. These are especially valuable to diabetics, people with severe arthritis or flat feet. Most treatment can be rendered in the office. For certain types of operations we may choose to use the local ambulatory surgery center.

TAKE GOOD CARE OF YOUR FEET,

They are the most valuable "stocking stuffers" you possess.

We depend on our feet to carry us many thousands of miles in the course of a lifetime yet we tend to overlook them. But when they hurt they demand attention. We are here to help.

DOTHAN SUBARU - YUGO

On The Circle, Next To Riley College **792-5161**

An offer like this only comes once a year.

For just \$18.50 with any purchase, we have a special Christmas offer for you. You'll receive six eyeshadows, two foundations, two lipsticks, two blushers, concealing cream, makeup applicators, and a small flacon of our exclusive new French perfume, Décolleté—all in a bright red compact. That's nearly a \$50 savings off the total retail value. This offer is available November 16 through December 31. Supplies are limited.

Flower-fresh charm that will frame her most beautiful dreams. This lovely group is enhanced by a sparkling Colonial White finish with delicate drawer pulls and floral accents. It's crafted of sturdy wood solids and wood products to last long after she's "your little girl." And Westinghouse "Micarta®" tops resist scratches and spills. It's a look she'll adore at a value you'll admire!

A pretty, but practical
Colonial white bedroom
with dainty hand-applied
floral decoration.
